

DISCLAIMER

NOT ALL INDIVIDUALS LISTED ON THIS SITE ARE DECEASED!

This is a list of individuals who are either deceased, or property owners or have spaces reserved for them in Union and / or East Dickson Cemeteries.

From time to time individuals will sell or donate grave spaces to other parties without notifying the City of Dickson Cemetery Department. Whoever holds the latest legal deed or document to a piece of property is the property owner and not necessarily the one whose name is listed in a cemetery book. If a land transfer has occurred it is the responsibility of the new owner(s) or their designee(s) to provide the City proof of such a transfer.

Due to the nature of a cemetery this list will be incomplete after a new burial and / or after a space has been sold. We hope to update this list periodically but it will not be on a regularly scheduled basis.

This document does contain spelling errors.

Reading the Cemetery Document

Column A is the last name of the deceased.

Column B is the first, middle or maiden name of the deceased.

Column C is the Section they are buried in.

Column D is the Block.

Column E is the lot number.

Column F is the space number.

Column G is the birth day and month when available.

Column H is the birth year when available.

Column I is the death day and month when available.

Column J is the death year when available.

1. Dates prior to 2002 are recorded from the monuments and not burial records.
2. Some names and dates are wrong or unavailable because the monuments are illegible.
3. Some monuments only have one date, and it is unclear whether it is a birth or death date. Dates are placed where they seem to be right, but in some cases they are probably wrong.
4. If "0" appears in any part of a date in which you would normally find the numbers 1-9, it means the number is unavailable or illegible.
5. ? mark in any part of a date or by a name means there is uncertainty about the accurateness of the information.
6. * means there is a special note in the cemetery records that is not available on this web page.
7. (For) by the first name means the space is reserved for that individual.
8. The most common reasons for a space having a decimal point are as follows: A family has elected to overlap part of two spaces so that fewer people will be buried on the lot. Someone has been cremated and buried between 2 full spaces. Two or more cremations or infants may be buried on the same space. Other situations do exist.
9. This file is **not** the official cemetery record of the City of Dickson. Official records of the City of Dickson Cemetery Department are located at 200 Ray Street Dickson, Tennessee 37055. Any information contained within this document is in no way to be considered the legal description of any burial plot.
